

NAVMAN EZY-SERIES AND MY-SERIES LIFETIME MAPS

TERMS AND CONDITIONS

1. Under these terms and conditions ("Terms"), eligible persons ("Claimants") are, by purchasing a Navman EZY- Series or MY-Series qualifying device, eligible to receive free map updates ("Lifetime Maps") for the Useful Life of the product, unless the qualifying device can no longer support the amount of data required for the new map or if Navman changes mapping providers. The life of the product ("Useful Life") is defined as the period of time that your device is serviceable and/or supportable by Navman, or until the software is superseded and can no longer be supported.
2. Information on how to claim, and other details contained within promotional advertisements for Lifetime Maps form part of these Terms.
3. In these Terms:
 - (a) the "Navman" is Mitac Australia Pty Ltd (ABN 55 124 265 336) of Suite 2, 408 Victoria Road, Gladesville NSW 2111;
 - (b) the "Qualifying Devices" are the Navman MY300LMT, Navman MY350LMT, Navman MY Escape II, Navman MY-Truck, Navman EZY250LM and Navman MY400LMT in each case when purchased new by the Claimant.

Subscription details

4. A subscription to map updates from the Navman allows the subscriber to download updates to the preloaded map sold with their Qualifying Device for the life of the product, unless the qualifying device can no longer support the amount of data required for the new map or if Navman changes mapping providers.
 - (a) Claimants will be notified when new maps are available when they connect their qualifying device to their PC with Navdesk installed. The Navdesk software disc is provided at time of purchase in the qualifying devices product box.
5. Claimants acknowledge and agree that:
 - (a) generally, map updates are available from the Navman a minimum of twice and up to four times annually;
 - (b) to download map updates from the Navman:
 - (i) a PC (running Microsoft Windows XP or higher) and internet connection is required, and the Navman strongly recommends that only a broadband internet connection is used;
 - (ii) the Claimant is responsible for obtaining, using and paying for that internet access; and
 - (iii) the Claimant must install the NavDesk PC software supplied with the Qualifying Device;
 - (c) map downloads require sufficient memory on the Qualifying Device, and Claimants may need to use an appropriate microSD card to store and access the downloads if their device's internal memory is not sufficient; and
 - (d) microSD cards are sold separately from, and are not provided with, Qualifying Devices, or as part of this Promotion.
 - (e) Only the data that was originally contained on the qualifying device at the time of purchase will be updated.

6. Claimants must ensure they allow Navman emails to be received at their nominated email address so they do not get blocked by a SPAM filter when the map updates are sent.

- (a) Download that map update by 31 December in the relevant year or until that map is superseded.
- (b) Updates are not transferable to other Navman devices or alternative products.

For the avoidance of doubt, the Navman may monitor and record internet protocol addresses of a Claimant when updating their Qualifying Device.

Limitation of Liability
